World Sepsis Day: Research, Advocacy, and Clinical Care in BC and Worldwide

September 13, 2023 | 1:00 - 2:30 PM PDT | UBC (in-person) & Online

Action on Sepsis is hosting its first in-person event for World Sepsis Day 2023 since 2019! Join us to learn how health care providers and sepsis researchers in BC who are working to improve outcomes for children and adults with sepsis globally and appreciate the gravity of sepsis through the experience of a survivor.

Trainees are especially encouraged to stay for the full event for a chance to network with leaders in the field of health research & sepsis care. **Registration is free and coffee/tea and snacks will be provided for participants.**

Attendees will also have the option of staying to watch a livestream of the *CIHR Scientifique "Transforming the Trajectory of Sepsis"* (details below).

TRANSFORMING THE TRAJECTORY OF SEPSIS RESEARCH

Transforming the Trajectory of Sepsis Research

September 13, 2023 | 2:30 - 5:00 PM PDT | Art Gallery of Hamilton & Online

“**Transforming the Trajectory of Sepsis**” will be an open forum event to facilitate meaningful and open discussions to share research evidence on sepsis, across the continuum of care. The goals are to:

- Promote knowledge mobilization between investigators, patient partners, and members of the public;
- Encourage patient and community involvement in sepsis research; and
- Align sepsis research priorities to reflect the diverse needs and perspectives of Canadians.

The event will take place at the Hamilton Art Gallery (**livestreamed online**) and the evening will be kicked off with an address to the audience about significance of World Sepsis Day, and the Hamilton Sign will be lit up pink to signify the worldwide fight against sepsis.

2023 SEPSIS CANADA SCIENTIFIC MEETING

Advancing Prognosis, Diagnosis & Treatment

Sepsis Canada 2nd Annual Scientific Meeting

September 12 & 13, 2023 | Sheraton, Hamilton, ON & Online

This Annual Scientific Meeting will be a two-day meeting that will for the first time be **held in-person**. The objectives of the meeting are to raise awareness about sepsis and its impact, provide education on the latest research and evidence-based practices for sepsis management, and discuss a national strategy to develop sepsis policies and protocols in Canada.

We extend our warm invitation to researchers, healthcare providers, trainees, patient partners, and members of the community who share an interest in sepsis research. **Trainees are especially encouraged to submit abstract(s) for poster presentations, as spaces are limited.**

WORLD SEPSIS DAY - SEPTEMBER 13

ONE DAY - ONE VISION - ALL YEAR EFFORT

World Sepsis Day Event 2023: The Enactment of the WHO Sepsis Resolution on the National and International Level

September 12, 2023 | 0:30 - 10:00 AM PDT | Berlin & Online (Free)

Since its inception in 2012, World Sepsis Day has heightened global sepsis awareness, leading to tangible progress. The recent commitment by G7 health ministers to strengthen sepsis detection, treatment, and alignment with antimicrobial efforts is a significant advancement. This event hosted by the **Global Sepsis Alliance** will bring together global experts in sepsis, with the aim of:

- underpinning the urgent need for implementation of these demands at national and international level;
- demonstrating what health systems strengthening and health literacy interventions for sepsis prevention and early detection in civil society have contributed to reducing the number of preventable deaths from sepsis; and
- demonstrating what contribution innovations in the field of prevention, diagnosis and treatment of infections and sepsis can make to our goal: "Zero preventable deaths from sepsis".

illuminating British Columbia for World Sepsis Day

The BC Legislature, Vancouver City Hall, Burrard Street Bridge, BC Place, Vancouver Convention Centre Cauldron, Port Coquitlam City Hall, Maple Ridge City Hall, Port Moody City Hall, and Coquitlam's Lafarge Lake Fountain are once more helping raise awareness of sepsis by lighting up in **pink** on **September 13** for World Sepsis Day. Don't forget to take a picture and share it with us on social media ([@ActionOnSepsis](#))!

Other Events on the Radar

Institute for Global Health at BC Children's & Women's Town Hall

September 13, 2023 | 12-1pm PDT | C&W Campus (In-person & virtual)
September 14, 2023 | 3-4pm PDT | C&W Campus (In-person)

Join us this September for a Town Hall hosted by our newly launched **Institute for Global Health at BC Children's and Women's Hospital + Healthcare Centre (IGH-BCCWH)**. Co-leads, Dr. Gina Ogilvie and Dr. Mark Ansermino, will facilitate an engaging discussion with the C&W community, welcoming your questions and contributions as we build the new Institute.

We will host two Town Hall sessions. We hope this provides enough flexibility to allow you to fit one of these sessions into your busy schedules. (Please note: we are asking you to attend only one of these sessions.)

You can RSVP for one of the sessions through the website linked below. Please respond by **September 1st, 2023**.

UBC Data Science and Health | All About Privacy

September 19, 2023 | 12-1:30 PM PDT | Virtual

The **UBC Data Science and Health Cluster** is hosting a workshop featuring BC's regional health authorities to explore each of their research privacy review processes and how to access their health data. There will be in-depth discussions around the current privacy review systems across jurisdictions, common misunderstandings, plans for future improvement, as well as an open Q&A session.

Participating organizations include: **OIPC** (Office of the Information and Privacy Commissioner for British Columbia), **PHC** (Providence Health Care), **VCH** (Vancouver Coastal Health), **FH** (Fraser Health), **IH** (Interior Health), **PHSA** (Provincial Health Services Authority), and **FNHA** (First Nations Health Authority). Stay tuned for an updated organization list.
